

Heavystone Issued Patents

Title of Invention	Country	Patent No.
Functionally Graded Cemented Tungsten Carbide	United States	7,699,904
Functionally Graded Cemented Tungsten Carbide	United States	7,569,179
Polycrystalline Abrasive Composite Cutter	China	ZL 200780003770.X
Polycrystalline Abrasive Composite Cutter	United States	8,109,350
Thermal Degradation and Crack Resistant Functionally Graded Cemented Tungsten Carbide and Polycrystalline Diamond	United States	8,435,626
Method for Making Functionally Graded Cemented Tungsten Carbide with Engineered Hard Surface	United States	8,163,232
Functionally Graded Cemented Tungsten Carbide with Engineered Hard Surface and the Method for Making the Same	Japan	5552125
Functionally Graded Cemented Tungsten Carbide with Engineered Hard Surface and the Method for Making the Same	China	ZL 201010003392.9
